

Secondary Education Social Science Bachelor of Science

Bachelor of Science Secondary Education- Social Science

The Secondary Education program is highlighted by in-depth study in a subject major with or without a minor, extended field experience in secondary school settings, and focused development of the knowledge and skills critical for effective teachers. The program leads to a bachelor of arts or a bachelor of science degree in the student's major area.

The social science degree equips students with the knowledge and skills necessary to be effective citizens and to have rewarding careers in a wide range of employment settings, in both the public and private sectors. The Secondary Teaching Concentration leads to a Michigan secondary (grades 6 – 12) teaching certificate with a Social Studies endorsement.

Program Accreditation

The Educator Preparation Programs at Lake Superior State University are accredited by the Inquiry Brief Commission of the Council for the Accreditation of Educator Preparation (CAEP).
