

Emergency Management

Bachelor of Science

Bachelor of Science Emergency Management

The Bachelor of Science in Emergency Management degree provides students with state-of-the-art knowledge and skills through an all-hazards curriculum emphasizing emergency management principles that apply across disciplines, industries, and types of emergencies. The degree focuses on the knowledge and skills for public safety personnel to mitigate, prepare, respond to, and recover effectively from the effects of disasters in their community.

The design of the program spans multiple disciplines including Fire, EMS, Criminal Justice, and Public Administration. In addition, the program will expose students to scenario-based learning that enhance core competencies to adapt to the ever-changing world of emergency management. Preparing the individual for leadership positions within the public safety sector, the program also includes leadership and management skill development. This program is available to augment associate degrees or concentrations in any of the Fire, EMS, or Criminal justice programs into a bachelor's degree.

Accreditation

LSSU has remained accredited by the Higher Learning Commission since 1968. The Higher Learning Commission, 230 S. LaSalle Street, Suite 7-500, Chicago, IL 60604-1413.
